PERSONAL STATEMENT

Highly motivated and collaborative Software Engineering student (expected graduation 2027) with proven experience in full-stack web development using PHP, JavaScript, and SQL. Adept at building scalable, database-driven applications and eager to contribute to innovative teams. Demonstrated ability to leverage GitHub for collaborative projects, implement agile workflows, and deliver user-focused solutions. Possessing a strong foundation in HTML/CSS, WordPress, and XAMPP, I am committed to continuous learning and seeking opportunities to expand my expertise in emerging technologies.
